INTRODUCTION

The events of this tumultuous year highlight that America is at a crossroads with one road marked GOD'S WAY and the other road marked MAN'S WAY.

The purpose of this four part series is to gain an understanding of what God is saying to us as a nation at this crossroads – at this time in history; at this time in "HIS-STORY".

In summary:

- America has a unique place in God's plan for mankind;
- God's providential hand moved in the hearts of the people and events in the founding era of America to produce a form of government after God's own heart;
- like the Israelites, there have been periods when the nation has turned away from God and periods of revival when it has turned back to God;
- in the last 120 years a great evil has gradually taken over large portions of our culture, an evil that says MAN'S WAY is the only way, and that GOD'S WAY is a hateful illusion;
- a new Great Awakening – a mighty movement of the Spirit of God in the hearts of His people – is the only way to turn back from the path of deception that we are on to the Truth of God.

A PERSONAL PERSPECTIVE

God's sovereign and providential hand brought the following four things together in my life to enable me to speak on this topic:

- The deep love I have for America, having immigrated to America from England in 1977 with my wife.
- Coming to know Jesus Christ as my Lord and Savior in August of 1985 after being an atheist for more than 20 years.
- An interest in America's history, especially our Christian heritage, that emerged from the time when I first came to know the Lord.
- The importance of looking for the root cause, the "heart", of a problem, to truly resolve the problem. This came from working in quality and safety for 20 years after I came to know the Lord.

ACKNOWLEDGEMENTS
